

9:00 AM	Best Practices for Maximizing Productivity in Deep Learning Research and Development			
	François Chollet Software Engineer @Google & Creator of Keras			
10:10 AM	BREAK			
Track	Embarcadero Deep Learning in Practice Host: Mike Lee Williams	Cyril Magnin III Papers in Production: Modern CS in the Real World Host: Sid Anand	Cyril Magnin I + II Predictive Architectures in the Real World Host: Gwen Shapira	Balboa Speaker AMA (Ask Me Anything) Host: Wes Reisz
10:40 AM	Applying Deep Learning To Airbnb Search Malay Haldar, Machine Learning Engineer @Airbnb	Petastorm: A Light-Weight Approach to Building ML Pipelines Yevgeni Litvin, Tech Lead @Uber	Instrumentation, Observability & Monitoring of Machine Learning Models Josh Wills, Software Engineer, Search, Learning, and Intelligence @SlackHQ	Speaker AMA
11:20 AM	BREAK			
11:40 AM	Deep Learning from a SWE's Perspective Sravya Tirukkovalur, Senior Machine Learning Engineer @Adobe	Scaling Emerging AI Applications with Ray Peter Schafhalter, Research Assistant @ucbrise	Predictive Architectures Presentation	Speaker AMA
12:20 PM	LUNCH			
1:20 PM	How to Make Great Personalization Private Erica Greene, Machine Learning Engineer @ourcanopy	Scaling Deep Learning Prabhat , Data and Analytics Group Lead @NERSC	Massive Scale Anomaly Detection Framework Guy Gerson, Big Data Developer @PayPal Uri Silberstein, Senior Cloud & Big Data Developer @PayPal	Speaker AMA
2:00 PM	BREAK			
2:20 PM	Deep Learning in Practice panel	FAIR : Advances in Speech at Facebook Vitaliy Liptchinsky, Research Engineering Manager @Facebook	People You May Know: Fast Recommendations Over Massive Data Felix GV, Staff Software Engineer @LinkedIn Sumit Rangwala, Staff Software Engineer - Artificial Intelligence @LinkedIn	Speaker AMA
3:00 PM	BREAK			
3:20 PM	Deep Learning Presentation	Modern CS in the Real World Panel Discussion	Michelangelo: A Multi-Tenant Feature Engineering Platform at Uber Eric Chen, Tech Lead & Manager @Uber Amit Nene, Engineering Lead & Manager @Uber	Speaker AMA
4:00 PM	BREAK			
4:20 PM	Deep Learning presentation	Building Data Products for Social Good Andreas Gros, Data Scientist @Facebook Shankar Iyer, Data Scientist @Facebook	Predictive Architectures in Practice Panel	Speaker AMA
5:00 PM	BREAK			
5:30 PM until 6:20PM	The Future of Transportation Anita Sengupta Aerospace Engineer, Chief Product Officer @AirspaceXP, Prof @USC, Pilot, ex @NASA Rocket Scientist
